

# sustainable palm oil?...

...it sure is

Leading the way with a truly sustainable range of palm oil products, Surefry is the fully authenticated vegetable oil that ticks every environmental box.

Surefry contains 100% RSPO certified palm oil. It is fully traceable and independently verified, including certified sustainable production from over 7,000 smallholders.

Sustainable, traceable, responsible.

It is surely one of the most versatile and economic ingredients in food manufacturing, baking and catering - and now you can be sure of its true origin too!

new technology behind traditional tastes.
