

coming first

it's second to none

The fastest way to seal-in the flavour of fine food is 'frying' - the first choice of professionals, world-wide.

Now, to match the method, enter the medium – FirstFry.

A 100% pure beef dripping with an 80 year heritage, it is whiter, lighter, double deodorised and a real delight to use.

naturally low in trans fats

high temperature performance

lighter, whiter, longer lasting

Be First – be amongst those 'high frying' caterers who deliver the true-taste their customers keep coming back for.

FirstFry is manufactured exclusively in the UK by Nortech Foods, Britains largest producer and refiner of edible animal oils & fats.

new technology behind traditional tastes.
